
 Packer has successfully been registered.

Registration Details

Thank you for registering your application! To avoid any errors during implementation, we recommend that you review the following app registration details before continuing.

OAuth2

When making an OAuth2 access token request, your client_id and client_secret are required in the authorization header. You must use one of the following redirect URIs when authenticating a customer using the Authorization Code grant type.

 Your client_secret can only be accessed by request once you click Continue. Select the print icon to print your app details and secret to pdf.

Name	Details
client_id	packer-0b0f137f17ac10944716020b018f81269184945094488689680
client_secret	M3pDoZ9PbNd6iJ7cOYCXvirgcY8AUcXrpUFiTece 
redirect_uri	

Permission

Your application is now granted access to the following APIs. When requesting an OAuth2 access token, you must provide the scopes associated with the registered API you need to access.

API	Scopes
Products (Public)	product.compact

Your application now also has access to the following grant types and additional scopes.

Name	Details
Grant Type	authorization_code, client_credentials, refresh_token

Other Scopes ⓘ

Details

App Details

Your application is now registered with the following details.

Name	Details
------	---------

App Name	Packer
----------	--------

App Description	Packer (pantry tracker) is (going to be) an app for individuals to keep track their items in their pantry and fill out a grocery list for items that are "out of stock" in their homes.
